

INTERIM MEETING OF VHF & up Committee of IARU REGION 1
VIENNA April 15 - 17. 2016

Document N°	VIE16_C5_30	Society	ARI
Subject	Modification of 5.3.6 paragraph		
Author/ contact	Alessandro Carletti, IV3KKW	Status	Proposal

Proposal

Now in the VHF Managers Handbook v 7.00 (2015 January) in the paragraph 5.3.6 is written :

(..omissis..)

No attempt should be made during the QSO to obtain any part of the required exchange information via other communication methods such as the Internet chat channel, DX Cluster, talk-back on another amateur band, telephone etc.. ~~Such a secondary method invalidates the contest QSO.~~ Self-spotting (advertising its own frequency) on any other communication means, like DX Cluster, chat rooms, etc. shall not be used during the contest.

We propose to change it as follow :

(..omissis..)

No attempt should be made during the QSO to obtain any part of the required exchange information via other communication methods such as the Internet chat channel, DX Cluster, talk-back on another amateur band, telephone etc..

Self-spotting (advertising its own frequency) on any other communication means, like DX Cluster, chat rooms, etc. shall not be used during the contest.

Such a secondary method invalidates the entire log and the station will be disqualified.
