

INTERIM MEETING OF VHF & up Committee of IARU REGION 1
VIENNA April 15 - 17. 2016

Document N°	VIE16_C5_18	Society	ZRS
Subject	Amendment to the chapter 5.3.10 ("Entries")		
Author/ contact		Status	Proposal

Introduction

IARU VHF&up contests evaluation has been performed by automatic means for last 10 years or more. Log entries are limited to electronic format only and most of the logs are submitted using web based portals (unfortunately, not a single portal). Automatic data processing enables publishing valuable statistical analysis as well as contest logs of all contest participants. As the amateur radio contacts, including contest contacts, shall contain no hidden or confidential information, there should be no obstacles in making logs and summary sheet data, excluding personal data (like name, surname, address, e-mail address, etc.) public.

Proposal

It is proposed to amend the chapter 5.3.10 as given below:

5.3.10 Entries (old)

The entries must be set out in digital/electronic form fulfilling the requirements under rule 5.3.13. Logs must be sent according to rule 5.2.3 not later than the second Monday following the contest weekend. Late entries will not be accepted. The submission of the logs implies that the entrant accepts the contest rules and the final decision of the organizing society.
