

INTERIM MEETING OF VHF & up Committee of IARU REGION 1
VIENNA April 15 - 17. 2016

Document N°	VIE16_C5_35	Society	ARI
Subject	Discussion about the management of the IARU Contest		
Author/ contact	Alessandro Carletti, IV3KKW	Status	Agenda item

During the Interim Meeting 2013 in Vienna, DARC give the availability to take in charge with the management of the IARU Contest Robot for the next years till 2015.

I want to thank Martin DL5NAH for the great job with the IARU Contest Management during these years.

At the moment we still don't know who will be in charge with the organising of IARU Contest (50/70 – VHF – UHF/MW – ATV) for the next years.

ARI propose to discuss about it.
